

# YOU CAN MAKE A DIFFERENCE IN HEALTH CARE.

Do you have an interest in health care issues in Saskatchewan? If so, please consider the following opportunity to make a real difference. The Ministry of Health is currently seeking a number of motivated, professional individuals to fill several important public representative positions on health professional councils in Saskatchewan.

These council seats are a critical element in the operation of Saskatchewan's 26 self-regulating health professional associations including the Saskatchewan College of Pharmacists, the Saskatchewan Dental Hygienists' Association, the Saskatchewan College of Psychologists, and many others.

Residents with relevant skills including prior experience on boards, councils or committees, are encouraged to apply. We are looking for dedicated individuals who have critical thinking and decision-making skills and have the ability to understand health professional issues and policies.

Typically these are two or three-year appointments, and may be reappointed for a second term. Meetings convene in Regina, Saskatoon or other locations in Saskatchewan. The time commitment ranges from four to 12 days a year. Travel expenses and an honorarium will be paid.

Please submit a resume including a history of your community involvement and volunteer activities, along with your relevant education and employment experience no later than **September 8, 2011** to:
